In re: RM-11158

Dear Mr. Crawford:

This refers to a petition for rule making you filed proposing the allotment of Channel 288A to Hall Summit, Louisiana. To accommodate that allotment, you requested that Channel 286A be substituted for vacant Channel 288A at Haynesville, Louisiana, and that Station KYKX(FM) ("KYKX"), Channel 289C, Longview, Texas, be reclassified as a Class C0 facility.

An Order to Show Cause was issued to Access.1 Texas License Company, LLC ("Access"),<sup>1</sup> the licensee of Station KYKX, to show cause why its license should not be modified to specify operation as a Class C0 station because it was operating below minimum Class C standards.<sup>2</sup> Access responded by filing an acceptable construction permit application for Station KYKX to operate with minimum Class C facilities by increasing the antenna height to at least 451 meters height above average terrain (HAAT) (File No. BPH-20050928AQT). Therefore, the petition for rule making proposing the allotment of Channel 288A at Hall Summit, Louisiana, is hereby dismissed pursuant to the Note to Section 1.420 of the Commission's Rules.

Sincerely,

John A. Karousos  
Assistant Chief

<sup>1</sup> Access is the current licensee of Station KYKX. At the time that the Order to Show Cause was issued, the licensee of Station KYKX was Waller Media, LLC.

Should this petition be granted and Channel 288A be allotted to Hall Summit, Petitioner will apply for Channel 288A at Hall Summit and after it is authorized, will promptly construct the new facility. This proposal is in the public interest as it provides for a first service to the deserving city of Hall Summit, Louisiana and still provides Channel 286A at Haynesville, Louisiana.

The factual information provided in this Petition for Rule Making is correct and true to the best of my knowledge.

Respectfully submitted,

Charles Crawford

FM Channel 288A  
Hall Summit, Louisiana  
April 24, 2003

**Attachment A**

**Request to Reclassify  
Station KYKX(FM), Longview, Texas  
Pursuant to MM Docket 98-93**

Radio Station KYKX(FM), Longview, Texas is licensed to Waller Media, LLC, 402 S. Ragsdale, Jacksonville, Texas 75766, (Facility ID 54844), FCC File No. BLH-19960408KB. The facility operates with a power of 100 kilowatts with center of radiation 352 meters height above average terrain. The above captioned Docket 98-93 provides the mechanism to automatically downgrade a Class C facility to Class C0 when a demand is made for the spectrum, as is the case here. Charles Crawford respectfully requests that the license of Radio Station KYKX(FM) be modified to specify operation on FM Channel 289C0 instead of on FM Channel 289C in accordance with the above Docket which provides for such downgrades when a demand for the unused spectrum is made, as is the case here.

Charles Crawford, the proponent of Channel 288A/ Hall Summit, Louisiana, in accordance with the above Docket, formally requests that the Commission reclassify Radio Station KYKX(FM) as a Class C0 facility. Charles Crawford certifies that no alternative channel is available for the service he proposes at Hall Summit, Louisiana as is proposed in the Petition for Rule Making. A copy of this Petition for Rule Making is being served on Waller Media, LLC, as is required in the above Docket.

  
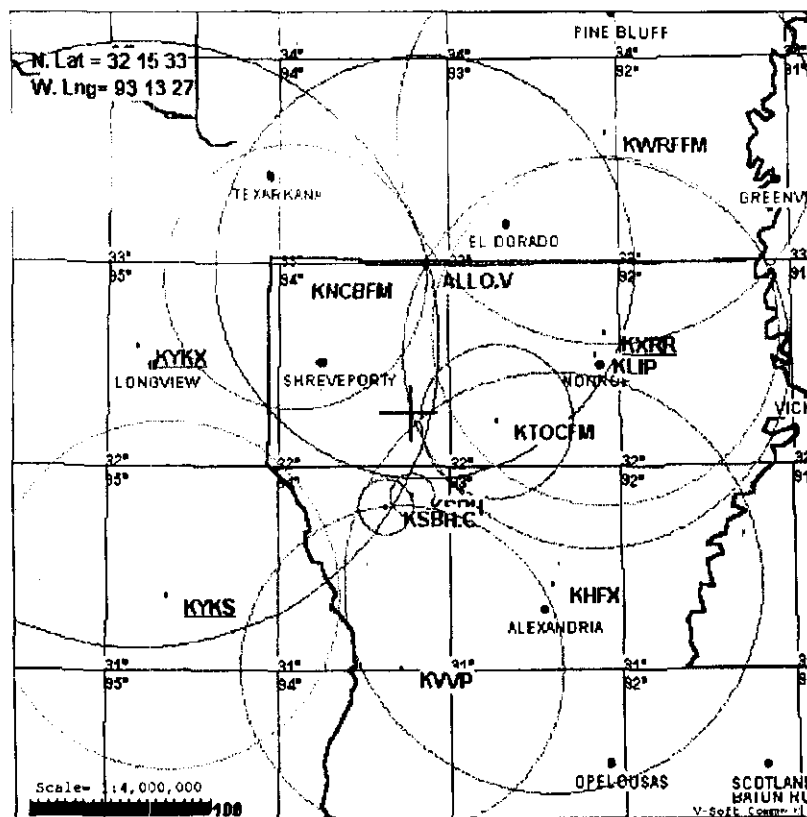

Charles Crawford
